

Lake Union Rotary Club

117 E. Louisa St. #548
Seattle, WA 98102

Grant Committee Co-Chair Andy Miller: antim2@msn.com
Grant Committee Co-Chair Ralph Pease: ralph1881@gmail.com

The Lake Union Rotary Club supports International and Domestic US community projects that focus on:

- Public health, specifically addressing clean water, hygiene and sanitation
- At-risk youth
- Homelessness
- Job creation
- Rotary fund compounding (projects from other Rotary Clubs that have contributed to past Lake Union Rotary Club district matching grants)

Requests for grants that fall into one or more of the above categories will be considered for funding at our quarterly Grants Review meetings, which take place on the 15th of August, October, January and May. You should receive a grant decision response within three (3) weeks following the quarterly meeting date. Grant awards typically range from \$500 to \$2,000.

Requirements for consideration:

- Complete a Lake Union Rotary Club Grant Application and email it to both Grant Committee Co-Chairs (listed above) at least one month before our next quarterly Grants Review Meeting (see above dates)
- Identify a current member of the Lake Union Rotary Club to serve as a sponsor for your grant
- Make a short presentation about your project at a Lake Union Rotary Club meeting (held at 7:30 am on Fridays at the Center for Wooden Boats, 1010 Valley Street, Seattle, 98109; Zoom presentation possible upon request)

We favor projects that are sustainable, have measurable benchmarks to document benefits, and include matching dollars to amplify our contribution's impact. See Rotary website www.5030grants.com for information and forms required for "District Matching Grants."

We will not fund grants:

- For unspecified amounts, tuition, general operation costs including salaries, funding beyond one year, or grants which involve a conflict of interest.
- That are inconsistent with Rotary principles and Seattle city ordinance, where the project, whether through its principal agents or partners, discriminates on the basis of race, color, sex, age, disability or national origin, gender identity, marital status, political ideology, religion, sexual orientation, or military status or veteran status. (Unless such discrimination involves a lawful means of targeting specific beneficiaries.) To avoid any doubt on this issue, if any organization implementing the grant discriminates in employment on the basis of religion this will generally disqualify the grant.

Final grant approval is contingent on availability of grant funds, and after presentation and approval by our Lake Union Rotary Club Board.
